THE POWER PIRANHA SERIES ADVANTAGE

MATERIAL AND LABOR SAVINGS

For architectural lighting designers, LED Power Piranha light bars are the clear choice. Manufactured to the highest standards, all light bars feature silicone potted, static resistant housings providing industry leading durability. Easy to install and blend according to the desired effect, LEDs remain cool in all applications. Choose from 4 available LED configurations and eight adjusted colors including White, Red, Green, Blue, Amber, Super Amber, Pink and RGB. Custom applications available upon request.

WHITE	BLUE
12 LEDs / Foot	12 LEDs / Foot
18 LEDs / Foot	18 LEDs / Foot
36 LEDs / Foot	36 LEDs / Foot
RED	AMBER
12 LEDs / Foot	12 LEDs / Foot
18 LEDs / Foot	18 LEDs / Foot
36 LEDs / Foot	36 LEDs / Foot
GREEN	PINK
12 LEDs / Foot	12 LEDs / Foot
18 LEDs / Foot	18 LEDs / Foot
36 LEDs / Foot	36 LEDs / Foot
RGB	SUPER AMBER
12 LEDs / Foot	12 LEDs / Foot
27 LEDs / Foot	18 LEDs / Foot
36 LEDs / Foot	36 LEDs / Foot

Available in a Wide Variety of Warm or Cool Color Temperatures

The LED Power Piranha Series provides brilliant light in a wide variety of warm or cool color temperatures ranging from 2800K, 3500K, 4100K and 5000K.

Go Green — Reduce Environmental Impact

Our unique Piranha Series design has no UV or infrared, and doesn't contain any lead, mercury or glass, making handling and disposal far more eco-friendly than fluorescents, plus our products are SGS listed and conform to UL Standard 2108 and 8750.

KEY FEATURES

- SGS Listed conforming to UL Standard 2108
- Certified to CSA Standard C22.2 No.9
- 6" to 4' lengths available in eight colors
- Low-wattage, low-voltage, very low heat 24VDC operation
- View angles available: 10, 40, 60 and 100 degrees
- No light "scaloping", providing consistent, uniform illumination
- Color Temps include 2800K, 3500K, 4100K and 5000K
- Extruded aluminum housing, fully silicone potted for added durability
- User friendly, easy installation with top quality connectors and brackets
